CLIENT AGREEMENT

I confirm that I am at least 18 years of age. If I am under the age of 18 this agreement must be signed by my parent or legal guardian. I understand that precautions are necessary for safe/smart tanning. I agree to comply with all terms of this membership agreement and instructions pertaining to the use of the UV tanning system. I am using these services at my own risk and will protect my vision by using protective goggles provided during my tanning session. I understand 5 to 7 sessions may be required to develop a base tan. I understand that Energy Tanning has a "No Refund" policy. I agree to notify Energy Tanning of injury I may experience or sustain on the premises up to and including UV related injuries. I also understand, that members can tan only once a day. If payment is not made and the account is referred for collection, member/client will pay all reasonable attorney fees, court costs and collection agency fees. By signing this form I agree to let Energy Tanning collect and funds defaulted on by any means necessary, up to and including charges to my checking, savings or credit card account. Energy Tanning has a \$25.00 returned check, declined debit or charge fee. Returned checks, debits or charges along with other fees may be electronically presented to your bank.

DANGER – ULTRAVIOLET RADIATION – FOLLOW INSTRUCTIONS

Avoid Over-Exposure – as with natural sunlight, over-exposure may cause eye and skin injury and allergic reactions. Repeated over-exposure may cause premature aging of the skin, dryness, wrinkling, and skin cancer.

Wear Protective Eyewear – Failure to use protective eyewear may result in sever burns or long term injury to the eyes. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using a sunlamp if you are using medications or have a history of skin problems or believe that you are especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from use of this device. ARRA – 1006 Arizona Radiation Regulatory Agency
